WHAT IS COLLEGE BOUND?

What College Bound Can do for You

Join Community Impact's FREE College Bound Program which prepares you to:

- ◆ Enhance your reading, writing, math and computer skills to ensure college success.
- ◆ Pass CUNY assessment tests to gain credit from the start and use your financial aid to its fullest effect.
- ◆ Select colleges that match your career goals.
- ◆ Apply for admission and financial aid at CUNY, SUNY and private colleges.
- ◆ Excel on all subjects of the GED high school equivalency exam (for those in final stages of prep for the GED exam).
- ◆ Be confident and ready for your college experience!

Who is Eligible?

To enroll in the College Bound program, students must be:

- ⇒ 18 years of age or older
- ⇒ A recipient of a GED high school equivalency diploma or just need final preparation for the GED test
- ⇒ Be ready to enter college in the 2014-15 academic year

How do I Enroll?

For a registration appointment, **call (212) 854-4500**

COMPREHENSIVE COLLEGE PREPARATION PROGRAM

MODULE 1 Introduction to College

Learn the basics of the College Experience. Get a taste of college classes through mentoring, workshops & seminars:

Introduction to College: Workshop series covers postsecondary education options.

College Skills Workshops: Columbia University School of General Studies advisors teach study skills & time management workshops.

College Mentoring: College Bound students are mentored by Columbia University School of General Studies students.

College Readiness: Workshops taught by Columbia Professors gives college level curriculum practice.

Core and the Community: Columbia Faculty introduce major texts in Western Literary Tradition giving college level practice.

MODULE 2 College Level Courses

Accelerate your college foundation experience by learning and practicing:

College Reading: Develop reading comprehension skills using fiction and non-fiction articles and books.

College Writing : Practice writing expository essays.

College Math I and II: Practice and Prep for CUNY math skills & Assessment tests.

College Computer Literacy: Develop computer skills to research and write college level papers.

MODULE 3 Career Development

Explore career possibilities that match your interests, especially in growth industries:

Career Assessment: Individual help identifying your interests and abilities to determine occupations that best suit you.

Career Counseling: One-on-one help exploring careers and educational requirements for selected jobs.

HealthNet: Workshop series introduces students to healthcare education options and the healthcare industry.

CareerNet: Workshop series focus on cover letter and resume creation as well as developing interview skills.

5 CUSTOMIZED MODULES TO MEET YOUR NEEDS

MODULE 4 Test Preparation and Scheduling

Review for tests and learn test-taking tips:

GED : Tutoring offered in subjects where you need extra help.

CUNY Assessment Tests: Workshops provide final strategies to score well on tests through sessions that simulate actual testing.

SAT Preparation Sessions: Workshops provide final preparation for SAT tests.

Khan Academy: Individualized coaching guides your use of this computer based program to boost your math understanding and scores on the GED, CUNY Math Assessment, or SAT.

MODULE 5 Admission and Financial Aid

Obtain assistance from college search to final enrollment:

Counseling: One-on-one help with admissions applications, personal statements, and financial aid forms.

College Workshops: Monthly CUNY workshops that focus on admission and financial aid.

College Visits: Monthly visits to community colleges and workforce training programs.

TECHNOLOGY IS INTEGRATED THROUGHOUT
